Note

A draft review of the Excise Admn Report for 1901-02 is put up

2) With regard to para 1 of the draft review, I think no improvement is practicable unless the causes of delay are ascertained in at least a single case and prevented

3) In regard to para 5 of the draft I may point out that the Madras Abkari Report for 1901-02 is not available. The Report for 1900-01 (the one next before) consists of only 24 pages

Report on the Administration of the Excise Revenue in the Mysore State for the year ~~1900~~ 1901-02 received with letter No. 5254-345 dated 3rd March 1903 from the Excise Commissioner in Mysore.

Order thereon. No. 5-72-81 / Ex 75-02

Dated Bangalore, 12th May 1903

1 The Government observe that, in spite of the instructions issued in the marginally noted proceedings, there has been a delay of about four months in the submission of the report.

Govt. Pro. Dated 23-7-00 No.1040-72-Mis.222

------Do--------- 26-7-00 No. 1223-62-Mis.254

------do--------- 5-9-00 No. 3542-Mis. 782

------do---------19-9-00 No. 4313-53-Mis.935.

The Excise Commissioner is requested to submit the explanations of the Officers who have contributed to the delay.

Chief events of the year.

2. The year was marked by the coming into force from 15th September 1901

of the Excise Regulation, the passing of rules for the settlement of the Inamdars' claims to toddy revenue and by the levy of tree-rent, hitherto waived on toddy-yielding trees in unoccupied government lands.

The tender of Messrs. Arbuthnot and Company was accepted for the exclusive privilege of manufacturing arrack and other country spirits for the territories of Mysore for a period of five years from 1st July 1902.

3. The collections under all heads aggregated Rs. 35,63,453-4-4 against Rs. 37,36,887-8-10 in the previous year, the decrease being sufficiently accounted for by the continued prevalence of plague, the depression in the coffee industry and the losses sustained by the licensees in the previous year. Financial results.

Appendix "F" to the report shows that arrears of more than two lacs are outstanding and that in the Hassan and Mysore Districts the arrears date so far back as 1883-84 and 1885-86 res-

respectively. The Government consider this unsatisfactory and desire that no time should be lost in having the arrears either collected or written off the accounts according to the circumstances of each case.

Lists of Date Groves

4. These lists have long been overdue and their submission should be expedited.

Date Plantations.

5. With reference to para 44 of the report, the Excise Commissioner's attention is drawn to para 6 of Govt. Pro. dated 1st Febry. 02, reviewing the Administration Report for 1900-01 and requesting the submission of a consolidated detailed report on the artificial reproduction of date trees pending orders on which no new plantations should be undertaken. Why there has been such long delay in the submission of the detailed report called for is not understood and must be explained as early as possible.

Orders have been passed on the Excise administration report for the year 1901-02. You will see that among other remarks made therein, is one invited your attention to para 1 of Govt. Pro. of the 18th Feby 02 in regard to the curtailment of Annual reports & drafting your future reports, may I beg you to kindly bear the above observation in mind & do your best to effect a reduction in the length of those reports. My dear Sir,

Many thanks for your kind D.O. of 18½ inst. from Ootacamund

The report in its present book is only half of what it was in 1899-1900 and previous years. It was reduced from pages 47 to pages 19 in 1900-1901 & to pages 24 in 1901-1902. I will bear in mind and

fine speech by your wish
to further reduce it to
half the present reduced
bulk namely about 12
pages may
But I should mention
for your information - that
Mr Crawford our late

an interview I had with
him referred to [illegible]
about entailing the expense
& wished me to show
him my report of the year

Police further ...
... I did my best
to furnish the reports
in time. I have never
them read in Newspapers
Kolar figures did
not come - They never
came till the end
and I relied on my

I have stated this
in the report but

never the less it is only
the first week in December I sent
it which of course
is late - but such is
as I must submit.
I shall report - upon

on the subject of

Yours very truly

Approving of the suggestions made by the officer on special duty, regarding the curtailment of the Report on the Administration of the Excise Revenue.

READ—

The following letter No 56, dated 22nd October 1903, from Mr. V. R. Thyagaraja Iyer, M.A., Assistant Secretary to the Government of His Highness the Maharaja of Mysore, on special duty, reporting on the curtailment of the future Excise Administration Reports.

"Adverting to Government Proceedings No. 320-60—G, dated 24th July 1903, I have the honor to make the following suggestions for the curtailment of the Annual Report on the Administration of the Excise Revenue.

2. The report for 1901-02 consists of 23 printed pages of text and 41 pages of statistics. The proposals, which I make for the curtailment of the report and which have been concurred in by the Excise Commissioner, are:—

i. That tabular statistics in the text should, as far as possible, be omitted, a reference being made to the figures in the statistical statements.

ii. That paras 90 to 92 referring to uniform clothing, etc., may be omitted in future reports.

iii. That paras 93 to 95 are capable of condensation, para 93 by noting with comments the number of days each officer was on tour, para 94 by specifying only those cases in which there was delay in the submission of reports by Deputy Commissioners, and para 95 by bringing to the notice of Government only bad work and very good work, average work and good work being considered as a matter of course.

iv. That the maximum limit of length may be fixed at 12 (dozen) printed pages of text and 41 pages of statistical statements.

The only point on which there is difference of opinion between the Excise Commissioner and myself is as to whether a summary of the important rules passed during a year (such as that given in para 43 of the report for 1901-02) should be embodied in the Administration Report. In the absence of an Excise Manual, or of a system similar to that prevailing elsewhere, by which Government Proceedings placed at the disposal of the Press are sold to the public, such a summary is perhaps required for the information of the public. But the better plan in my opinion, will be to omit such summaries in future, to have Departmental Manuals (corrected from time to time by correction slips) and to sell to the public such of the Proceedings of Government as are placed at the disposal of the Press. As, however, this system does not now obtain, I have deferred to the Excise Commissioner's opinion that such summaries as useful at present, and I intend addressing Government separately on the subject of Departmental Manuals and allied matters.

No. 399-400—Ex. F. 5-02, DATED BANGALORE, 19TH NOVEMBER 1903.

ORDER THEREON.—The suggestions made in the letter read above are in the main approved. The Assistant Secretary's separate communication promised on the subject of Departmental Manuals and allied matters is awaited and should be expedited.
